

The Premier Network for CHROs

Welcome to an unrivaled network of trusted peers, experts and advocates building the world's future-ready workforces.

The CHRO Association supports those leaders that boards and CEOs rely on to build organizations that thrive through change. We shape policy, regulation and workforce strategy to create stronger business, people and society.

Where HR Policy Meets Practice

We are an invitation-only organization of more than 400 of the world's most influential organizations representing \$8 trillion in market capitalization and +20 million employees in public and private sectors. Our members seek advanced insight, real-time intelligence and candid exchange for themselves, their C-Suite peers and their top HR leadership.

The CHRO Association is the single most valuable asset to both my executive role and my personal growth.
